Atentie:

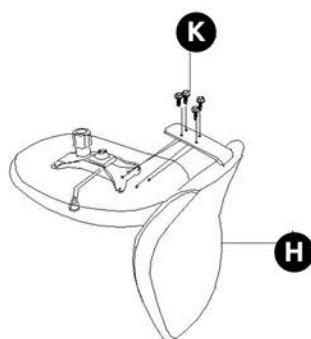

- Pentru a evita zgarierea elementelor din metal si piele ecologica, este indicat sa le plasati pe un material curat si neted (carpeta, curvertura, etc.), inainte de a incepe procesul de asamblare.
- Cititi cu atentie instructiunile, inainte de a incepe.
- Nu strangeti suruburile pana ce nu ati asamblat scaunul complet.
- Nu lasati piesele la indemana copiilor.
